TO-DAY'S INTERPORT PLAY. SHANGHAI SCORE 284.

FINE INNINGS BY QUAYLE.

The fourth day's play in the triangular interport cricket tournament opened on the Cricket Ground this morning, when the match Shanghai v. Malaya was resumed. On Saturday morning Shanghai were all dismissed in the first innings for 119, Malaya replying in the afternoon with 208, thus having a lead of 89 on the first knock. Just before the close of play on Saturday, Shanghai had again gone in, but had the misfortune to lose two wickets (Gardner and Carr) for ten runs, four of which had been scored off a bye.

When play started this morning, Duckett, who had made six on Saturday, and Rawsthorne, who had not yet scored, again went to the wicket.

Knight and Thompson were in charge of the bowling, Thompson opening to Rawsthorne from the Pavilion end. After a maiden over, Knight bowled to Duckett, who also treated the deliveries with great caution. Another maiden over followed, and then Rawsthorne stole a single with a snick past point. A little later he added four with a shot past mid-on to the boundary. A few minutes later, he again drove Thompson to the leg boundary, following it up with another four off the next ball. Twenty went up on the board after eighteen minutes' play. A boundary by Duckett brought 30 up just after 11 o'clock, when play had been in progress twenty-five minutes. Malaya's fielding was excellent. Rawsthorne again found the ropes past square leg, off Knight, but was clean bowled two minutes later with a ball breaking to leg, from Thompson, after scoring 21. Thirty-eight for 3 at 11.12.

Leach then went in to partner Duckett, and scored a boundary off Thompson's second ball. He was hitting out freely, and the score began to mount more rapidly. Two further fours by this batsman brought 50 up at 11.22. A minute later, Duckett was given out, caught by Livock at the wicket, after scoring 19. Fifty-one for 4 wickets.

Barrett, the Shanghai skipper, went in to bat next.

Leach skied a ball from Thompson, and gave a difficult chance, which was not taken, a single resulting. Capt. Barrett had by now "broken his duck," with a single and a two. Sixty went up at 11.36, just after an hour's play, and Barrett hit a six off Knight immediately after. Leach followed with a four, and seventy went up at 11.38.

Thompson was taken off at a quarter to twelve, Wyatt relieving him, and Barrett went the new bowler's first delivery to the boundary. Eighty went up a minute later.

BARRETT GETTING SET.
The Shanghai skipper had now got set, and sent several to the boundary. Ninety went up at 11.52, the Northern men thus wiping off arrears with six wickets in hand. Leach was also hitting out, and Holmes-Brown, the Malayan skipper, now relieved Knight at the Naval Yard end.

The century went up, amid applause, exactly at noon.

Less than a minute had passed when Leach was bowled by Holmes-Brown, with 26 to his credit. Five wickets down for 103.

BARRETT OUT FOR 37.
Quayle went in to partner his captain, and added steadily to the score. Barrett had by now knocked up over 30. Soon afterwards, however, he hesitated at a ball from Wyatt and put it back to the bowler's hands. His contribution was 37, and he received an ovation for returning to the Pavilion, and was bowled for 115.

Dr. O'Hara was next in, and succeeded in leading the boundary successfully, being another hit to off Wyatt, and then a six off Phayre, the Malayan bowler, giving only a few runs.

Barrett and the Malaya batsman, who had the

HONGKONG'S BARS. CAN DRINKS BE ANALYSED?

At to-morrow's meeting of the Sanitary Board, Dr. W. V. M. Koch will ask:—
"Has this Department, or any other Government Department, power to authorise an officer to enter any establishment licensed for the sale of intoxicating drinks to procure samples from the bar for the purpose of testing their purity. If not, will the Government consider the advisability of introducing a by-law to that effect?"

FALCONER'S ROBBED.

Regarding the robbery at Messrs. Falconer's jewellery store in Pedder Street, at one o'clock on Saturday afternoon, Mr. Mellis, an employee of the firm, has made a statement to the police in which he says that the value of the diamond rings taken away was \$4,683.

The robber was a young Chinese who had during previous days frequently visited the shop. On Saturday afternoon, he asked to be shown some diamond rings and bargained a great deal over the prices. Finally he selected four of the best, placed them on his fingers and turned round as if to take the money out of his pocket. Instead, he pulled out a large packet of pepper and threw the contents into the eyes of Mr. Mellis and his Chinese shroff, who were the only persons in the shop at the time. Disconcerted by this unexpected attack, and suffering great pains from the effects of the pepper, Mr. Mellis and his shroff were unable to stop the robber as he dashed from the shop and escaped with the rings.

It is now stated that the robber is identified as the same man who has visited several jewellery shops of the Colony. The plausible story he gave on these occasions was that he was buying rings for an official in Canton.

HOUSING LAW. AN INTERESTING APPEAL.

In the Court of Appellate Jurisdiction, this morning, before the Full Court Mr. H. S. Fitzroy, on behalf of the tenant of No. 463, Shanghai Street, Yaumatei, appealed from a decision of Mr. Justice Dyer Ball who had given the landlord an order for possession. The proceeding was under Section 4 (1) (f) of the Rents Ordinance. The Governor-in-Council, petitioned, made an order exempting the house from the provisions of Section 4 (1) (f).

Mr. C. G. Alabaster, K. C., with Mr. Eldon Potter, K. C., appeared for the respondents.

Mr. Fitzroy said he was relying entirely on the exemption, Section 24 made it possible for the Governor-in-Council to exempt any premises from the provisions of the Ordinance and it was not competent for any Court to question his right. The Governor would only make such an order under exceptional circumstances. The Governor's right was somewhat analogous to the position of the Lord Chancellor many years ago. The Chancellor saw that equity was done, no matter what order had been made. Mr. Fitzroy asked what use the exemption was at all if the tenant was subsequently to be told that as an order had already been made it could not be rescinded.

THIEF GETS AWAY WITH RINGS.

The Chief Justice:—What you are asking us to do, although the landlord has exercised his rights perfectly justifiably, is to mulct him in costs for the whole of the proceedings.

Mr. Fitzroy:—It seems rather hard, but your Lordships have discretion.

The Chief Justice:—You are entitled to your costs; you have done nothing wrong.

Mr. Justice Gompertz:—The tenant had three months in which to present his petition before an order of the Court was made.

Mr. Fitzroy:—Your Lordships could hold that as he delayed his petition, he should pay the costs up to that time.

Mr. Justice Gompertz:—He might have entered into a contract for demolition.

Mr. Fitzroy:—He would be doing that with his eyes open.

Mr. C. G. Alabaster quoted a case (Quilter v. Mathieson) from the Law Journal in which it was stated that although it was clear that the Act was intended to apply retrospectively, it did not interfere with existing rights contained in a judgement. The difference between that case and the present one was that the Legislature had been very careful to say that Section 24 of the Ordinance did not apply retrospectively. Mr. Alabaster said that the effect of the Governor's order was similar to the position which would have followed if the Legislative Council had struck Section 4 (1) (f) out of the Ordinance. It would not apply retrospectively.

Replying, Mr. Fitzroy said that the Governor-in-Council had put a particular house outside the jurisdiction of the court. The appeal Court had the right to exercise law which had been passed since the judgement was given. He argued that the Court had no discretion; they must rescind the judgement.

The Chief Justice:—Rather a peculiar position to put the Supreme Court in. It seems we are only administrative officers to carry out the orders of the Governor-in-Council.

Mr. Fitzroy quoted a judge as saying that the office of a judge was not to legislate, but to declare the expressed intention of the Legislature, even if that intention appeared to be injudicious.

Their Lordships reserved their decision.

RABIES. QUESTIONS BY DR. KOCH.

At to-morrow's meeting of the Sanitary Board, Dr. W. V. M. Koch will ask:—
1.—a. With reference to the case of rabies reported—has it been possible to trace the source of infection or has any idea been formed as to its origin?
b. In addition to the 'curfew' order will the Government consider the advisability of bringing in a regulation that all dogs in seagoing or river craft should be chained or caged while such vessels are in harbour or in communication with the shore?
2.—Does the Government make any and if so, what profit on the sale of antirabic vaccine?

DARING ROBBERS.

PLUNDER STORE NEAR POLICE STATION.
Running great risk on account of the proximity of the place to the Central Police Station, a gang of armed robbers who entered the Yat Hing Laundry store, at No. 51 Wellington Street, on Saturday night, were nevertheless able to make their escape, although hard pressed, with a certain amount of the loot they took. In the stress of pursuit, certain members of the gang had to discard their portion of the spoils, and these, amounting to \$112 in money and a pair of gold bangles valued at \$200, were picked up by the police subsequently.

A report by the master of the shop states that the men secured admission by saying that they had come to pay a bill. Without much difficulty, the inmates were bound and gagged and the place turned into disorder in the search that was made for valuables. Money consisting of \$200 in Hongkong notes and ten American gold pieces was stolen, together with jewellery and the best that the place could offer in clothing.

A narrow escape from capture was experienced when police officers, drawn by the sound of whistles, appeared on the scene, but by dispersing in different directions the members of the gang were able to elude their pursuers, though some had to discard some of the loot.

It is stated that one of the gang was armed with a revolver.

ANOTHER ROBBERY.
From the village of Wah Mee San, in the Sheungshui district, New Territories, comes the report of an armed robbery occurring in a factory there.

In this affair, six men made their escape with clothing and jewellery of the value of \$65.48 pearls of a value not disclosed, and one hundred francs. Two of the gang were armed with daggers and two with muskets.

OPIUM CONFERENCE ENDS IN DEADLOCK.

HEATED DISCUSSION OF IMPORT CERTIFICATES.

Geneva, November 16.
The Opium Conference on Nov. 15th agreed to the combined Franco-British text with regard to the system of registering and rationing opium smokers, the introduction of which has been made dependant according to the French proposal, on the extension of smuggling.

The British, French, and Japanese delegations have finally agreed to the joint text of a declaration that the importation and sale and distribution of opium shall be a Government monopoly.

The other Japanese proposal was that when opium be accompanied by an import certificate or official guarantee that the import is legitimate, no measures constituting unfair discrimination at the ports, on the ground of the nationality of the vessel or the origin of the goods, should be resorted to.

Sir M. Delevigne emphasised that the British had made no discrimination with shipping, and he regarded the Japanese proposal as unfair criticism of the British Government. Mr. Sugimura contended that the question was not between Britain and Japan only, but all the interested Governments. Mr. Sugimura resented the casting of suspicion on countries, and said if such a policy were persisted in it would be useless to continue the conference.

Mr. Campbell emphasised that India had always reserved the right to discriminate. With regard to certificates, the Government of India would not accept the import certificate system on any condition whatever. The Japanese delegation seemed to him to have made a threat.

Mr. Sugimura denied any threat, and declared if the official certificate system were suspended there was no possibility of international agreement.

A remarkable feature of the conference is the cordial and constant co-operation of the China-Japanese delegations.—*Reuter.*

JAPANESE DIGNITY OFFENDED.
Geneva, November 16.
The Opium Conference came to a deadlock this morning with regard to the right of discrimination in import certificates, when there is reason to suspect their genuineness. The discussion was adjourned for a few days in order to enable the delegates to refer to their Governments for fresh instructions.

The delegations of the British Empire, India and Siam upheld the right of discrimination in certain cases.

Mr. Van Wette, the chairman of the conference, personally expressed the opinion that members of the League were bound to respect import certificates instituted by the League, but might do as they pleased with regard to certificates emanating from Governments who were not members of the League.

Mr. Sugimura complained of the "reprehensible incident of a Japanese official who, however, had been properly punished" which had been brought up against Japan, referring to the case of an illegal import certificate, alluded to by Sir M. Delevigne, who, however, did not mention the name of the official or the country. Mr. Sugimura declared that as long as mutual confidence and respect were lacking between the interested States, the Japanese delegation could not sign such an agreement. "We are a nation of Samurai. With us honour is more important than anything else."

Sir M. Delevigne and Mr. Campbell denied casting any imputation on Japan, and said they were merely defending a principle.—*Reuter.*

CONFERENCE ADJOURNS.
Later.
The general discussion in the afternoon of what, for irrelevant argument and repetition, will probably rank as one of the most remarkable League conferences, resulted in an adjournment of the Opium Conference till Friday.

The Conference concluded with a general discussion in the evening and adjourned until Friday, when it is hoped to settle the import certificates question and pass on to the final draft agreement.

There was considerable discussion in the afternoon. Several clauses of the agreement were adopted, notably the institution of a Government monopoly for opium, also a system of licenses and rationing.

Dr. Sze warmly appealed in favour of devoting revenue from opium to the betterment of conditions of Chinese addicts, but his only consolation was the insertion in the agreement's preamble of the phrase "The high contracting parties are solely guided by moral considerations."

Sir M. Delevigne and Mr. Campbell pointed out that the British were doing their utmost to improve the conditions of Chinese in British possessions and would not allow any fiscal consideration to influence British opium policy.—*Reuter.*

ZAGLUL CAUSES EXCITEMENT IN EGYPT.

RESIGNS THE PREMIERSHIP FOR A DAY.
Cairo, November 16.
All the schools struck, the students going in procession through the streets cheering Zaglul and visiting the Ministries, trying to bring out the Government employees. They induced the officials of the Ministry of Finance to quit work. The employees of the Ministry of Education assembled in the courtyard of the Ministry, where speakers urged that a deputation should proceed to the Palace and beg the King not to accept the Premier's resignation.

Crowds wrecked the premises of a comic weekly *Al Kuskoul*, which caricatured Zaglul and his colleagues, and set fire to the paper supplies. The police drove off the rioters. Large crowds assembled in the neighbourhood of Zaglul's house, Parliament and Abdin Palace.—*Reuter.*

Cairo, November 16.
The King has informed a Senatorial deputation, begging him not to accept the Cabinet's resignation, that he had already refused and would receive Zaglul again in the afternoon and insist on Zaglul's remaining in power.

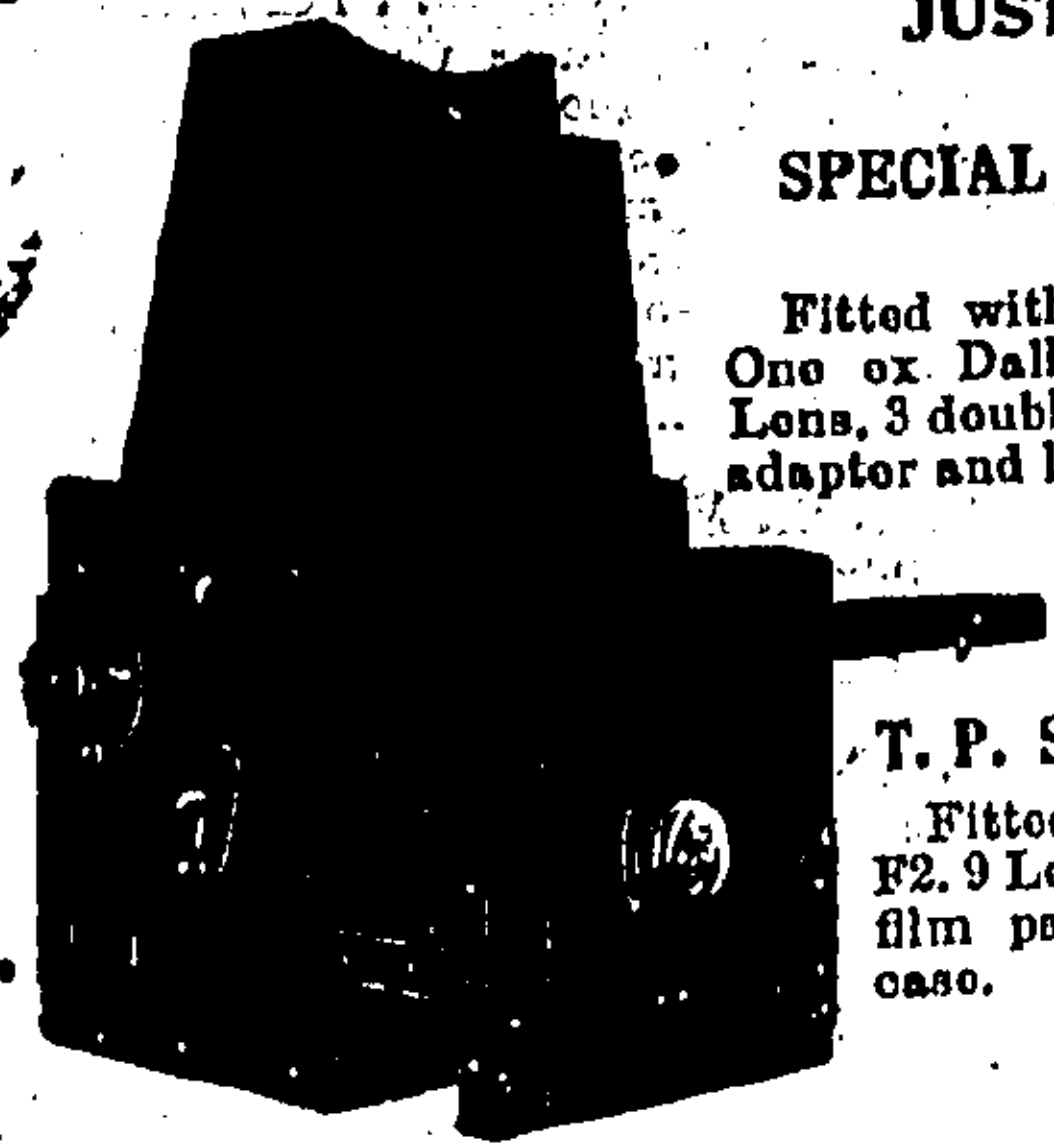

Zaglul states that he has not resigned because the King has refused to agree to two Ministerial nominations. He maintains that his health is unsatisfactory, but he is determined to facilitate the task of, and support, his successor, chosen from a majority of the Chamber.—*Reuter.*

Cairo, later.
Zaglul has withdrawn his resignation, after a lengthy session with the King.—*Reuter.*

UGLY INCIDENTS.
Cairo, November 16.
Two thousand demonstrators rushed the police guard at Kaskoul and sacked the premises.

Demonstrators outside the Abdin Palace last night shouted "Zaglul or Revolution." The cry was taken up this morning.—*Reuter.*

Zaglul announced in Parliament that the conditions he had laid down for remaining in office concerned his freedom of choice in Ministerial and administrative appointments, according to common law, and that he would not accept any limitation of this power.

CONFUCIAN SOCIETY.

ITS EDUCATIONAL WORK.

The annual meeting of the
 Confucian Society was held on
 Saturday afternoon, Mr. Li Po-
 kwai, Chairman, presiding.

The chief feature of the report
 presented was the educational work
 undertaken by the Society. Alto-
 gether twenty-eight free schools for
 poor children are maintained or
 under the control of the Society,
 providing education for roughly
 2,278 boys and girls. The number
 of girls' schools is in the minority,
 there being only five of them, with
 an aggregate total of 171 pupils.
 Most of the schools are named
 after prominent Chinese residents,
 who, in many cases, bear the
 expense of upkeep.

CORRESPONDENCE.

(To the Editor, "Hongkong

A Complaint.

Sir,—It was, it is, and I believe
 it will be the motto of the British
 that "Right is Might," but I
 regret to state this maxim seems
 not to have been instilled into the
 minds of some. It is a deplorable
 sight to witness that after the last
 Saturday's football match between
 the Surrey and the Chinese, some
 people maliciously pushed the
 civilians right and left, and on
 being questioned as to what was
 the idea of their behaviour,
 they only threw down their
 gauntlet instead of apologiz-
 ing. Near the entrance to the
 French Hospital, some inflicted
 the same kind of treatment on a
 few innocent and defenceless maid-
 servants. While others made their
 way through the crowd by means
 of their sticks instead of saying
 please. These should remember
 that Hongkong is a British Colony
 and they themselves are Brit-
 ishers. I being a spectator of the
 scene cannot refrain from drawing
 their attention to this misbehaviour
 and hope they are not too old to
 learn and practise this motto.—
 Yours etc.,

LAWN BOWLS.

CLOSING DAY AT
KOWLOON C.C.

There was quite a good crowd
 present at the closing day of the
 lawn bowls section of the Kowloon
 Cricket Club on Saturday afternoon
 last. Instead of sending out
 invitations to other clubs to
 participate in the afternoon's
 proceedings, it was decided to ar-
 range games between the first and
 second division teams. The fixture
 naturally aroused considerable in-
 terest and no little rivalry, and the
 spectators, including many ladies,
 were treated to a very enjoyable
 afternoon's sport. The "A" team
 upheld their reputation by winning
 on all three rinks, though the
 margins in their favour on two of
 them were very small.

The results were as under.—
 L. Jack, R. Abraham, W.
 Goldenberg and J. Hyde ("A"
 team) beat P. G. Herridge, J.
 Robson, J. Fraser and P. V.
 Ramsay ("B" team), by 18 to 16.

J. C. Fletcher, J. Smith, Cullen
 and R. C. Hunter ("A" team)
 beat C. G. Harrison, Whitley,
 J. P. Robinson and D. S.
 Purves ("B" team), 20 to 14.
 W. Hipkin, A. C. Burford, T. E.
 Lammert and H. Overy ("A"
 team) beat E. Honther, J. Howe,
 V. C. Labrum and A. W. E.
 Davidson ("B" team), 17 to 14.

At the conclusion of the games,
 Mr. W. Goldenberg, the convenor
 of the Bowls Committee, in-
 troduced Mrs. Abraham, the wife
 of the Vice President of the Club,
 and invited her to distribute the
 prizes. He referred to the very
 enjoyable games seen that day
 and to the increasing popularity
 of the bowls section. He
 prophesied that in spite of the
 fact that they would be losing
 several good players going home
 on leave next season that the
 interest now being taken in the
 game by the younger men would
 to a large extent compensate for the
 loss, and he was looking forward to
 another very successful time.

Mrs. Abraham then presented
 spoons to the winners of the after-
 noon games, and the trophies won
 during the season. The prize list
 follows:

The Ezra Abraham Champion-
 ship: 1, J. Gibson; 2, L. Jack.
 President's Cup: 1, E. Overy;
 2, J. Cornley.
 Handicap Singles: 1, J. Fraser;

The Telegraph.

HONGKONG, 17th Nov., 1924.

HONGKONG AS A HEALTH RESORT.

It is the considered opinion of those who have carefully studied the local conditions that on the whole Hongkong is not such an unhealthy place as some persons, after a first acquaintance with sickness, are inclined to make out. Indeed, compared with many other parts in the East, this Colony is very favourably placed, and among the European community, who might reasonably be expected to take proper precautions, the death rate is as low as in most parts of the United Kingdom. Only those who deliberately ignore the canons of healthy living, say the doctors, need fear the local conditions, and the periodical spell of leave to a colder climate enables the average man to spend a quarter of a century here without being any more unhealthy than if the sojourn had been in a temperate zone. It is generally agreed that the winter season in Hongkong is a delightful one, and of late there has been a marked tendency for tourist agencies and shipping companies to pay increased attention to the attractions which this Colony can offer the wealthy traveller. But when an authority on tropical health matters, who spent some years here in the days when conditions were not quite as favourable as at present, is able to recommend Hongkong as a health resort during part of the year for aged people, it really is time one sat up and took notice.

Writing in the *Journal of Tropical Medicine*, Sir James Cantlie examines the question of "Winter quarters for the middle-aged," and puts forth the varied attractions of such places as Jamaica, Hongkong, Macao, the hills of the Philippines, Ceylon and South Africa, Australia, and New Zealand, and urges that a special effort might be made to cater for those getting on in years. He says: "The writer

has watched with interest old couples, 70 and upwards, coming to Hongkong for the winter months, October to February, and residing at the Peak or on the Kowloon side, and they kept in good health, and left in spring improved in every way, provided they were good sailors, and most old people are." As for our scenery, he comments: "The Peak at Hongkong and the Japanese islands have many charming resorts on hill and dale, on mountain, lough and glen, where Nature is seen in fitting garb and choicest attire calculated to attract the tourist to linger." Having pointed out the advantages of residing in a British Colony, and that very good diet obtainable at the several places he has listed, Sir James touches on the subject of comparative illness in the tropics and temperate regions. He points out: "Home dwellers are apt to believe that the tropical sunbathers have deadly ailments but that at home all is well; that our diseases do not count—measles, scarlet fever, bronchial ailments, sore throats, rheumatic fever, and such like, are part and parcel of ordinary home life contingencies, and to be expected. In the winter resorts mentioned, disease, and especially at the time of the year in question, is not to be dreaded. It is as well that this judgment of a man of Sir James Cantlie's qualifications should have a wide publicity.

That Fountain.

The "fountain that never founts," situated outside the City Hall, has, we observe, been recently given a nice fresh coat of cement-wash, with the result that it looks more epic and span now than it has for many a long day. Its steps, however, still serve as a convenient resting-place for Chinese coolies who happen to be in the neighbourhood, whilst youngsters continue to find delight in straddling across the backs of those fierce-looking lions at its base. So far as utility is concerned, however, the monument has none whatever; neither is it extremely ornamental, despite its recent renovation. For a structure of its kind, it is very out-of-place where it is, and the question arises whether it ought not to be removed to some other spot, where it could be shown off to better advantage. Maybe when we get our new City Hall, occasion will be taken to work it into the scheme. Be that as it may, it seems to us rather unfortunate that such a monument, given to the Colony long ago, should remain in its present state of disuse. The least that could be done, we should think, would be to get the fountain going again, and maybe some provision made whereby a small drinking-trough could be provided for the use of dogs, this to be so arranged as to permit of a constant supply of fresh water being available. Couldn't the S. P. C. A. interest itself in this latter point?

General Booth.

Not the least interesting figure in social work to-day is General Bramwell Booth, the head of the Salvation Army, who has just celebrated his jubilee as an officer of that great organisation. It was on the death of his father, "the General," that he took over the command of the Salvation Army, having been Chief of Staff prior to that from the year 1880. He is known as a masterly organiser and a much-travelled man, and if he has not the altogether striking personality of his father, it is generally conceded that he has filled his present position with great success. The Salvation Army has grown to tremendous dimensions from the day when it was started by the late General, and is now known to the people of some seventy or eighty countries. Apart from its religious activities, it does a magnificent work in the regeneration of the unfortunate, and to-day it stands forth as a splendid organisation doing a work which it has made peculiarly its own. Those who value that work will wish for General Booth many more years of service in the cause to which he has dedicated his life.

DAY BY DAY.

SIN WRITES HISTORIES: GOOD-NESS IS SILENT.—*Quetta.*

During the past two days no cases of notifiable diseases have been reported in the Colony.

The silk which left here by the P. & O. s.s. *Morea* on the 18th October was delivered in Marseilles on the 14th Nov., a transit of 27 days.

Among the passengers arriving on the Canadian Pacific s.s. *Empress of Russia* was Mr. R. C. Staud, assistant general passenger agent at Manila.

The Christmas letter mail for the United Kingdom closes in Hongkong at 9.30 a.m. on Wednesday. This mail is due in London on December 22nd.

There are practically no changes on the local Share Market to-day, the only ones of note being: Unions, \$262, buyers; Cements, \$24, buyers and sales; Electrics, \$43, buyers.

A Rugby team from H. M. S. *Hawkins* on Saturday defeated the Club by seven points to nil. The naval men led by four points at the interval, and later added a try. It was a very even game.

According to a Shanghai telegram to the *Daily Bulletin*, the *North-China Daily News* correspondent at Nanking reports that Wu Pei-fu arrived there and conferred with Chi Hsieh-yuan and then proceeded to Hankow.

Mr. Henry N. Guernsey, wife and child, arrived in the Colony this morning aboard the Pacific Mail liner *President Lincoln*. Mr. Guernsey is general passenger agent for the Line at Manila and is on his way to the States on holiday.

The Gemeenschappelyke Mynbouw Madtschapp, "Billiton," of the Isle of Billiton (Dutch East Indies) has remitted an amount of \$5,642.07 to the Kwang Tung Flood Relief Fund, which amounts include the gifts of the European staff and Chinese miners of the said Company.

The case against ten 'junk' and fishboat owners for mooring their boats too close to shore, which was brought before Lieut. Comdr. G. F. Hole, R.N., Marine Magistrate, this morning, was dismissed for lack of evidence. They all pleaded not guilty and were released with a warning.

Interport cricketers were the guests of the President and Committee of the Hongkong Cricket Club at a dance given in the Roof Garden of the Hongkong Hotel on Saturday night. A thoroughly enjoyable evening was spent, and in addition to dancing there were a number of musical items in the programme.

Owing to the transfer of Mr. N. L. Smith from the Sanitary Department to the Central Magistracy, both the Police Courts on this side of the harbour will in future be kept in full swing every day. This will relieve pressure of magisterial work and a certain amount of inconvenience from the cases being in arrears, as they have been for a long time past, owing to one Magistrate being called to deal with the work alone for many days in the week. Mr. J. R. Wood has returned to his former post of Senior Magistrate, while Mr. Smith will sit in the small Court.

MATSHED FIRE.

THREE STRUCTURES DESTROYED.

An early morning call on Sunday brought out the Brigade at Kowloon to deal with a fire which broke out, at one o'clock, in a matshed at Tai Po Road, near Shamshuipo. It was found on arrival that the flames had progressed to two adjoining matsheds and there was no hope of saving any of them. Attention was therefore concentrated on a stack of timber nearby which showed signs of becoming involved.

Damage was caused to the extent of \$200, which was not covered by insurance.

SURREYS MEET THEIR WATERLOO.

[BY "WANDERER."]

One would with reckless abandon on a Saturday afternoon if one could always depend on witnessing such a splendid game as that between the Surreys and South China "A" this week. Much depended on the result, and both sides drew out their very best for the occasion. Particularly free from all but minor fouls, the game might have gone to either side, but Dame Fortune ruled in favour of the Chinese, who, although losing their cherished unbeaten defence certificate, gained a 2-1 victory.

The defences were, for the most part, on top throughout and it was not until the second half had been in progress for a quarter of an hour that Sun Kam-shun sent the Chinese spectators into raptures by scoring a good goal which gave Douglas no chance. The Surreys redoubled their efforts, and Bristowe swinging the ball right across the field to Charlesworth, saw the latter send the ball to Humberstone, who deflected the ball into the net from an acute angle. T'was a magnificent goal but the aforementioned spectators effected a stony silence. The Surreys were struck all of a heap when Sun Kam-shun put the Chinese ahead once more. Eaton was dispossessed by Lam Yuk-ying in the Chinese half, Chan Kwong-ai raced away, passed to Wong sui-wa, who in turn transferred to the inside right, who took a first time shot from 20 yards which left Douglas standing. The whole thing happened in the space of seconds. With but six minutes to go the Surreys had few hopes of obtaining an equaliser and so events proved.

Not previously this season has the South China side given such a great display. Their defence made few mistakes and their forward quintette played brisk, clever football. There always appeared more danger in their attacks. Fetter found Chan Kwong-ai much too good for him. He was like a will-o'-the-wisp and his centreing left little to be desired. Inside Lal Wai-tong had for once to give the palm to Sun Kam-shun whose midfield football was coupled with excellent finishing. Kam Kam-wing gave an improved display. The halfbacks were a formidable trio and gave the Surreys forward line little rope.

Granted the Chinese played exceedingly well, the Surreys were little behind them in either defence or attack. Douglas had no chance with either shot and Cooper and Jordan kicked cleanly and tackled with effect. Bristowe was the outstanding half; he never admits defeat and he sent across many of those passes from left wing to right which a good footballer delights to see. Mitchell kept Wong Pak-chong in subjection but had few opportunities of giving adequate support to his forwards. The whole forward did well considering the keenness of the defence to which they were opposed: Humberstone's was a brilliant goal and both Butler and Eaton were responsible for good tries. Charlesworth was the better winger.

The match was viewed by at least 6,000 spectators.

CLUB V. POLICE.

[BY "QUIZ."]

This match was transferred to St. Joseph's ground, as the Club ground was taken up for Rugby. Each side made one change in their teams, Watson coming in at left half for the Club in place of Howard, who turned out in the forward line in place of Key, while Stewart replaced Oram in the Police team.

FISH ALIVE.

BUT STOLEN BY-THIEF.

A peculiar form of larceny occurred at Aberdeen village, states a police report received yesterday.

One of the fisherman, with the idea of keeping his catch fresh and alive for the morning's delivery to the market, had placed it in a big basket, which he submerged in the harbour. In the morning, it was discovered that a thief had been busy overnight, for the basket and fish were gone. The victim has placed his loss at \$200.

The opening exchanges favoured the Club, and Wynno gave a couple of corners. The play then settled in midfield, the halves on each side being too good for the attack. At the interval there was no score.

Resuming, the Club took up the attack and a mistake by the defence let in Evelyn who beat Clarke and scored the only goal of the match.

The Police were good in midfield but lacked finish and had to retire defeated by a goal to nil.

KOWLOON V. SOUTH CHINA "B".

This match was played on the South China ground and resulted in an easy win for the visitors. Kowloon were without Wheeler, who hurt his arm in the "Poppy Day" match, while South China were without their regular goalkeeper, Hui Shing-ai, who broke his toes last week in the match against the Tamar. The game was very one-sided, and Kowloon ran out winners by the margin of eight goals to nil.

McKevie scored twice in less than twenty minutes, and at the interval Kowloon were leading by two goals to nil.

After the change of ends, a procession from the centre of the field to the South China goal, and vice versa, for Kowloon put on no less than six goals in this half. Duncan was the first to score, followed by Cleome and Turner. McKevie put on two more, making his fourth goal for match, then a penalty kick was awarded Kowloon for tripping and Knight, coming forward, scored the eighth goal for Kowloon.

JUNIOR GAMES.

In the Junior games, the Club do Recoito "A" had a fine win over their rivals at Kowloon, winning by no less five goals to love. At the interval they were leading by a goal to nil through Ogley. After the change of ends, the Club do Recoito had matters much their own way and put on four goals, all from Recoito. Ogley was forced to retire before the end of the game.

A Soekunpo, a fine game was seen between South China "A" and the Drums, resulting in a draw of one goal all. South China played better football and were unlucky in not being a goal up at the interval. Crossing over with a blank score sheet, South China forced a corner and Chung Wing-shing sent the ball in low and it found the net. After this, the Drums put on pressure and the goals failed to clear from a shot by Muffet, Mumby put the ball into the net, making the score one all. There was no further scoring, but when the final whistle sounded all of the Drums, with the exception of their goalies, were in the South China half.

Sacred Heart registered their first win in the League this season by beating the "B" team South China by six goals to love. Scoring three goals in each half, they held the upper hand throughout. D. Mahomed, A. G. Mahomed and Dallah scored in the opening half, and D. Mahomed (two) and Dallah (one) in the closing half.

St. Joseph's "A" beat the University on the Navy "A" ground by three goals to love. The first half was goalless, and after crossing over, Ward opened the score. Further goals were scored for St. Joseph's by Kent and Rodriguez.

Surreys' Reserves, although winning on St. Joseph's ground, were forced to concede a goal to the Club do Recoito second team. At half-time, the Surreys were leading by two goals scored by Rodger and Morris. In the second half, Prescott scored for the Surreys and Remedios for Recoito.

The Club Reserves, having the better of the game against St. Joseph's "B", had to be contented with a point, the game ending in a goalless draw.

SATURDAY'S BOXING.

CARLIDGE DEFEATS MATTY SMITH.

[BY "WANDERER"]

Justifying general confidence, Jim Cartridge won the lightweight championship of the Colony on Saturday by defeating Matty Smith on points in a fifteen-round contest. As a spectacle, the fight was a poor one, there being far too much holding, and, as a consequence, too much need for the referee's intervention. Smith was the principal offender in this respect—difficult to understand, for he invariably came off second best—though it cannot be said that Cartridge was wholly free from blame.

Unnecessary clinching was indulged in even in the opening round, and it became fairly obvious that the bout would extend over the full distance. For the first two rounds, neither man took any chances, but in the third Smith got home smartly with his left and Cartridge returned the compliment shortly afterwards. Smith met with disfavor at the close when he made the pretence, in the general opinion, that he had been hit low. Cartridge led off the fourth round well by scoring with his right, but both contestants were punished about the body when in-fighting pleased their fancy. Cartridge scored twice with his left and then each caused the other to miss badly. Rounds five and six went slightly in Cartridge's favour, but in the seventh Smith forced the fighting and slightly repaired his position. There was little to choose between them in the eighth, but still far too much holding.

Smith connected with a clever left hook in round No. 9, but again Cartridge took up the offensive. Exchanges were brisk in round ten and Cartridge's left found its billet on more than one occasion. During the in-fighting which followed he beat a regular tattoo on the body of Smith, who appeared content to act on the defensive. Cartridge missed badly twice in quick succession in the next round. Cartridge was speedier and quicker to take advantage of an opening and there was little doubt even at this stage as to the result, excepting, of course, the possibility of a knock-out. In round thirteen, Smith forced Cartridge to the ropes, but he displayed great dexterity in getting out of an awkward corner. Smith was punished about the body. The fourteenth round was a little more open and both men registered points with left leads. Smith gave measure for measure in the concluding round.

The Association belt was presented to Cartridge by the G.O.C. (Gen. Sir John Fowler.)

THE MINOR BOUTS.

The minor bouts, five in number, between the different sections of the Services, proved disastrous for the Navy. One only of their representatives was successful, and he was a marine.

The Eaton-Young contest was spoilt by repeated clinching. Though Young was aggressive and stronger in the punch, his opponent was speedier and paid much more attention to where he was hitting. Both finished considerably distressed but there is an excuse for Eaton, who had played 70 minutes' strenuous football in the afternoon.

The fight between Wareham and L/S Wrigley should never have gone six rounds. Wareham met the sailor's first round onslaught with his customary coolness and subsequently scored freely with his left. Wrigley had no taste for punishment and reduced the match to a farce by falling almost before he had been hit. Mr. Murdoch rightly stopped the fight.

We had been promised that Castle would do well against Corpl. Major, and although he lost, he left a distinctly good impression. For two rounds he easily held his own, but experience told in the end and in the third round though it was only momentarily that he left himself open, Major "saw him to sleep" with a beautifully timed right hook.

Neither fighting nor boxing was seen in the bout between Pte. Ditoh and Brown. Early on, rather amusing it soon developed into a case of "we sigh'd, we look'd, then sigh'd again."

Pte. Pooley has the reputation of winning in the first or second round, but those who looked for such an ending on Saturday reckoned without their host. Marine Betts is an unorthodox fighter and he had Pooley puzzled

and hampered from the start. The marine was a deserved winner.

The Theatre Royal was taxed to capacity, the tournament proving a success in every way. Mr. A. Murdoch undertook the duties of referee and the judges were Lieut-Comdr. Conway Hake and Dr. E. P. Minott. A word of praise is due to Mr. T. G. Bennett (Hon. Sec.) and Mr. J. Brooks (manager).

Amongst those present in addition to the officials were:—H. E. the G.O.C., Sir Claud Severn, the Hon. Mr. P. H. Holyoak, Mr. C. D. Melbourne, Mr. D. M. Ross, Col. Montague Bates, Col. Butterworth, and Capt. E. I. M. Barrett.

CINEMA NOTES.

CORONET'S ATTRACTIONS.

This evening's picture, "The Harbour Lights," continues the brief season of British films and introduces us to a story the exact opposite of "Squibs, M.P.," which gave so much pleasure last week and, like the Interport Cricket, brought a fresh vision of the Home country. "The Harbour Lights" will be found full of that action which appeals to all classes of cinema goers. In it, Geo. R. Sims, who had no idea that any of his famous plays would be screened, has packed love, hate, and humour, in agreeable quantities, and the film version will be found as stimulating as could be wished. With the tang of the sea in our nostrils, a story of the sea will have its own attraction. In addition a series of excellent topical pictures, combined with the very fine musical items which the Coronet's orchestra provides, make a programme of more than surpassing interest.

JACKIE COOGAN.

Following the completion of "Daddy," a First National picture which is now showing at the Queen's Theatre, little Jackie Coogan, its star, made a trip to New York with his parents. There he received a welcome such as few kings get, and he was the guest of honour at a round of festivities. The hit he made in the Metropolis is illustrated by this account written by a magazine editor:—

"Jackie Coogan gave a party to representatives of the press at the Biltmore Hotel and this statement can be taken literally. It was Jackie's party. He treated his guests to the time of their lives, because, in spite of all the success he has achieved, enough to turn the head of the most modest grown-up, Jackie is still the most wonderful unspoiled little shaver that can be imagined.

"There are stage-trained children who are clever—lots of them—and usually they give people who know them privately a 'pain.' They strut, boast and imitate, and make themselves generally obnoxious.

"Jackie doesn't. He is just a natural, lovable, happy little fellow whose expressive face reflects his every thought—a prodigy if you will—but in spite of that a regular boy. And that's saying a lot.

"Jackie did most of the entertaining at his party—sort of ran the show to suit himself, ad libbing his way along in a manner few adults could improve upon.

"The only time he used something that he had 'learned' was when he recited 'Dangerous Dan McGrew' and a couple of other little poems. And then he proved that the silver sheet isn't the only place where he shines. He read his lines like a trouper. Like many a mother thinks of her son, we almost regret that he must grow up. We should like to keep him always—just Jackie."

REVUE AT KOWLOON.

This evening the exciting race play, "Son of Kissing Cup," ends its all too brief season. Exciting it is in very sooth, having about it all the elements of intrigue, duplicity and the cross-currents which abound where great riches, love and hate predominate.

Commencing on Tuesday, the Littlejohn Revue Company makes its initial bow with a programme that covers this class of entertainment at every point and should draw crowds. Novelty seems to be its redeeming feature, and the members comprising the company seem well able to do the things they set out to do. The preliminary announcements give the qualifications of the artists comprising the company, and Kowloon will doubtless see to it that it does not miss a single one of the many items offered for its delectation.

"BROADWAY AFTER DARK."

Seldom have the amusement seekers of this vicinity had such an exceptional opportunity for brilliant entertainment as is offered in the latest Warner Bros. classic of the screen "Broadway after dark" which is to start at the World Theatre to-morrow.

The producers have taken their theme from the famous play by Owen Davis, modernized it up to the minute and transformed it into a remarkable piece of screen literature. The result is a story of real New York night life, not as it is often imagined but as it really is. Both sides of Broadway life are shown, the glittering showy bright light angle and also the shadowy sub-strata of the side streets where poverty rubs shoulders with riches.

In addition to the well known screen favourites, literally thousands of brilliant Broadway theatrical stars appear in the Actor's Equity Ball part of the film which was actually photographed in the Grand Ball Room of the famed Hotel Astor.

"Broadway After Dark" demonstrates that the Great White Way is something more than the playground of the world and that beneath its glittering brilliance, human hearts respond to the same impulses as on "Main Street."

EXPLOSION OF OXYGEN SHELL.

There was an extraordinary accident last month at Greenock. A steam lorry laden with oxygen cylinders was unloading in the main street when one cylinder fell on the ground resulting in a terrific explosion of all the cylinders, wrecking and setting fire to a crowded tram car standing opposite and injuring all the passengers, some of them seriously. Houses over an area of 150 yards were partially wrecked. Some of the passengers jumped in the street from the top of the tram. Several occupants of another tram were injured. The street after the occurrence looked like a shelled area.

LEAGUE OF NATIONS.—Here is the latest picture of the assembly of the council of the League of Nations, in session. It was taken the day Mr. Ramsay MacDonald, made his plea for a new conference for world disarmament. Scores of world-famous men were in Geneva that day.

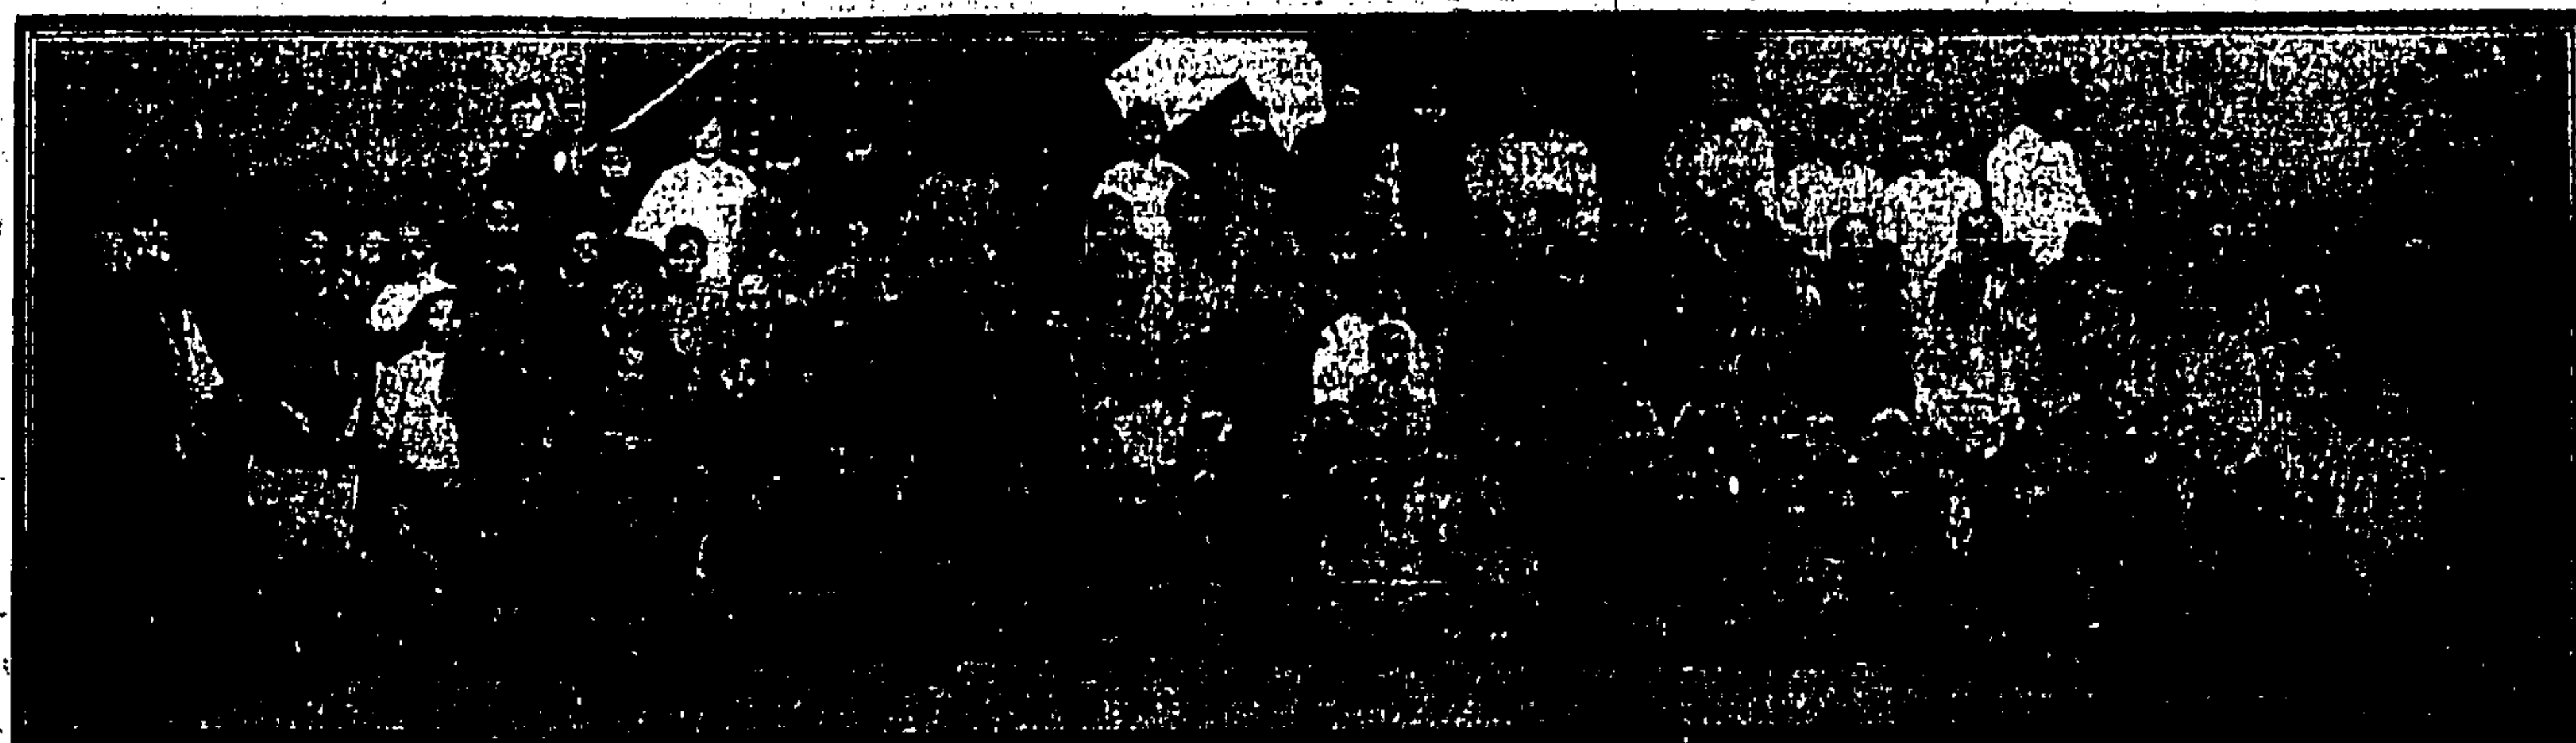

CONTEMPT?—Sir Henry McCordle (above), "strong man" of the English High Court, has cited Lord Olivier (below), former Secretary of State for India, on charges of contempt of Court. The action is the cul growth of the so-called O'Dwyer Nairi libel case.

A THRILLING MOMENT.—Thousands at the Hawthorne race track, Chicago, were thrilled when Lillian Boyer, daredevil aeroplane acrobat, came close to death. As she jumped from a motor-car to a ladder trailed by a plane, one rung of the ladder caught on the exhaust pipe of the car. The driver of the car saved the girl's life by going into a skid and disengaging the rope.

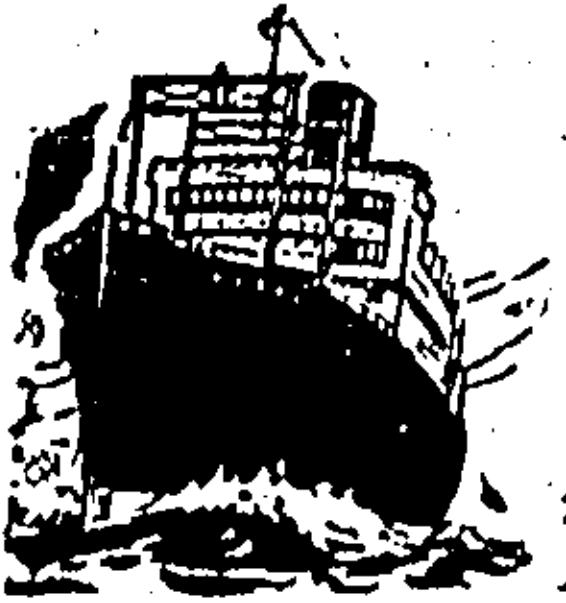

LOST PROPELLOR.—The giant American liner Leviathan lost a blade off one of her propellers out in mid-ocean on her last trip. But that didn't keep her from completing her trip. Hero workmen in the South Boston drydock are seen repairing the damage.

CHINESE REFUGEES.—These homeless refugees have been housed and fed at the Bubbling Well Road Temple, Shanghai, part of which was turned into a refugee camp, during the recent hostilities. The flag is the emblem of the Blue Cross, a Chinese organization which has done much to care for the innocent sufferers from the civil war between Kiangsu and Chekiang.

AIRCRAFT IN AMERICA.

Services of Foreign Engineers.

In spite of the flourishing condition of aviation in the United States, certain manufacturers have secured licences to build aircraft designed by foreign engineers.

Mr. Ford recently has been in negotiation with Professor Junkers, the German designer and a pioneer of the cantilever-type monoplane, with the object of coming to some arrangement for building all-metal Junkers aeroplanes. It may be that the

numerous rumours of the forthcoming production of Ford aeroplanes at the rate of one hundred a day originated from this action on the part of Mr. Ford.

The Atlantic Aircraft Corporation, New Jersey, is to begin building "Fokker" aircraft by licence from Mr. Anthony H. G. Fokker. Mr. Francis Arrier is chief engineer to the Atlantic Aircraft Corporation. It will be recalled that at one time Mr. Arrier was in charge of the construction of four-engined bombing aeroplanes at Belfast.
